

Welcome to our restaurant!

"Eatalia" is a combination of the words 'eat' and 'Italy'. This is not a random name, because we do not only serve typical Italian dishes, but other original dishes as well.

In our restaurant, we do not use any artificial ingredients, such as monosodium glutamate, food preservatives, stock cubes or powders (several hundreds and thousands) etc.

Everything is fresh, healthy and made by us; and, we certainly hope, delicious to our customers.
Some of our dishes are cooked using the modern Sous Vide technology, called vacuum cooking.

This method of cooking ensures that the original look and texture of the product in the cooking process are preserved.
As a result, we prepare dishes of the highest quality without losing vitamins, natural juices and enzymes.

All the dishes prepared by this method guarantees that they are succulent, mild and easily digestible.

We invite you for a taste.

Remember the Italian saying: "When you eat, you don't grow old".

Welcome!!!
